Subject: RE: PRIA Receipt Letter for M1768 Herbicide (ABN XtendiMax with VaporGrip Technology)

Dear Mick,

Thank you for working on this for me. I authorize the use of the payments below to cover the full PRIA cost. We will consider requesting a discretionary refund when the time comes.

Sincerely,
Steven

Subject: PRIA Receipt Letter for M1768 Herbicide (ABN XtendiMax with VaporGrip Technology)

Dear Dr. Callen,

Your PRIA receipt letter is attached. The staff in the Registration Division has assigned PRIA code R170 to the application. Bayer CropScience has sufficient old, unused PRIA payments to cover the R170 fee of \$83,317 (see below). Also, Bayer CropScience may request that a discretionary refund evaluation be made when a decision is made on this application. Please either authorize the use of the payments below or make a sufficient payment to cover the R170 fee and, if desired, request the discretionary refund evaluation at the conclusion of the application review process. Thanks.

Amount	Payment ID	Date Paid	Status if Used
--------	------------	-----------	----------------

\$ 1,662	26PA375S	07/01/2020	Exhausted
\$39,803	A264954315D	03/27/2018	Exhausted
\$41,852	A260777267	05/28/2019	\$21,964 Remaining
\$83,317
